PREAMBLE

This welcome booklet is intended for all students and their families at the Lycée Français International Gustave Eiffel (LFIGE).

Created more than 40 years ago, the Lycée Français International Gustave Eiffel has a long tradition of quality teaching in a multilingual and multicultural environment, forging strong links with Mozambique and promoting a genuine openness to the world.

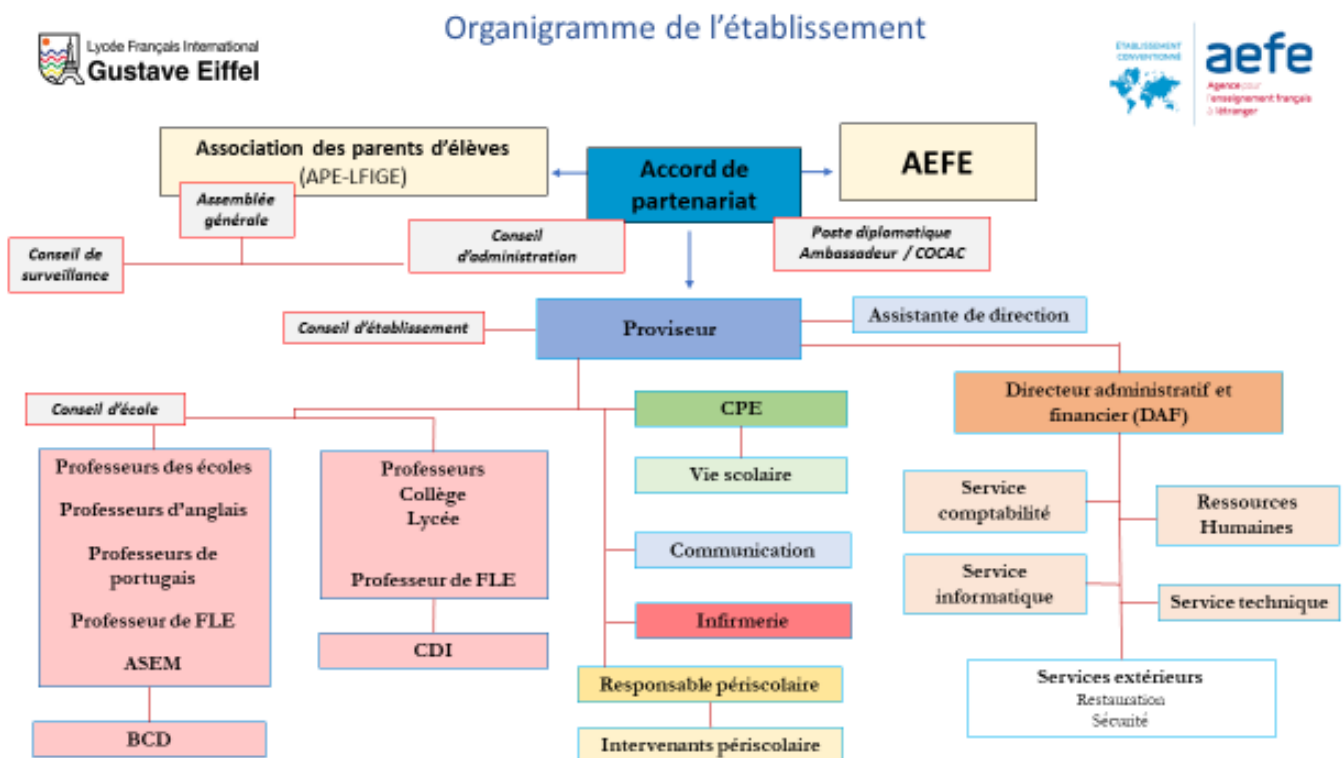

Here you will find a complete curriculum approved by the French Ministry of Education from nursery to final year.

The LFIGE (Lycée Français International Gustave Eiffel) is an integral part of the AEF network (Agence de l'Enseignement Français à l'Étranger), a unique educational network comprising 535 schools in 139 countries.

The LFIGE Parents' Association (APA-LFIGE) manages the school. Under the terms of the administrative, financial and educational agreement signed with the AEF, the French government provides permanent staff from the French national education system (headmaster, teachers).

We hope you enjoy discovering the school!

GOVERNANCE ORGANISATION CHART :

The Board of Directors :

The main role of the Board of Directors, made up of elected parents, is to manage the school. The Board reports regularly to the General Assembly, which is made up of all the parents. The Board also works within the framework of the agreement signed with the Agence pour l'Enseignement Français à l'Etranger (AEFE).

By enrolling your child at the LFIGE, you become a member of the Lycée Français International Gustave Eiffel Parents' Association (APE-LFIGE). As part of this association, you are invited to get involved in the life of the school. The point of view and commitment of parents are essential to the governance of the school, in order to develop a common vision with all the players who make up the educational community.

The entire educational community is responsible for building and implementing the citizenship pathway. This pathway is based in particular on pupils' participation in the social and democratic life of the class and the school. Objectives:

- Develop the commitment of the entire educational community.

THE EVENTS CLUB

The Events Club is not a body, but is made up of voluntary and motivated LFIGE parents.

What does it do?

To organise festive events throughout the school year. There are several objectives:

- 
- To provide an opportunity for all those involved in school life to get together and relax. It's a way of encouraging contact between parents, new arrivals, teaching staff and management. Profits are redistributed for cultural, sporting or material projects.
 - Support the school management in welcoming new families by organising meetings, visits to the school and other activities as requested by the LFIGE management.

Don't hesitate to join them!

For more information contact: elisa.andrade@aefe.fr

CIRCULATION AND ACCESS TO THE SCHOOL

The school has two entrances: one for the primary school and the other for the secondary school.

Families may choose one or the other to drop off their children, but under no circumstances may they cross the school grounds or the secondary school to drop off or collect their child from class.

Given the configuration of the premises, parents must be vigilant about traffic and parking in front of the school.

Parents or drivers drop off children and stop only long enough to drop them off. If they are obliged to do so, they may only park in the designated spaces.

Access to the facility is strictly controlled. Persons who are not on the ward are issued with a "visitor" badge and taken to the administration building by the guards. They will then be escorted to the exit by their contact person.

In order to reinforce security, any person (parents or guardians) who drops off or picks up a child or children will be asked to do so.

or picks up one or more children on the premises must be in possession of their identification badge. Without this badge, the person will be systematically checked and will have to wait until the end of the movement to do so.

Once the new families have provided us with all the necessary information, we will issue them with their new badge.

Procedural details:

- The guards are authorised to check the badge at random on presentation of an identity document.
- When the pupils leave, the guards will have a register with the list of families and persons responsible.
- Cases where the person checked will not be authorised to leave the school with the child(ren):
 - The person does not have a badge
 - The identity document does not match one of the names on the badge
 - The person's name appears on the badge, matches the identity document but does not appear in the register.
- If we have to refuse to let a child out for any of the reasons mentioned in the previous point, we will contact the parents to obtain details of the person's identity.

IMPORTANT: Responsible persons who come to collect a child or children from 1st level should wait in the waiting area (see map of the LFIGE on next page) located directly to the right of the main entrance on the primary side. A new waiting area has been created for this purpose. The children will be directed by our teams to join them.
